## GROUP 10-YEAR LEVEL TERM LIFE INSURANCE PLAN

### The future is unknown— are you prepared?

Over half of all U.S. households say they would need life insurance to help cover bills and maintain their lifestyle if the primary wage earner passed away.\*

Reducing uncertainty is key to your peace of mind. Think about how your loved ones would be affected if something should happen to you. Would they be able to cover the cost of going to college, owning a home, or even going on a planned trip if you were suddenly removed from the picture?

Help ensure your family's financial future with the Texas Society of Certified Public Accountants (TXCPA) Group 10-Year Level Term Life Insurance Plan. With this plan, you can lock in guaranteed rates for the next 10 years—this means your premium will not increase during your 10-year term. Your coverage amount will never decrease for the entire time you're insured.

### Benefit Features:

- > Coverage options from \$100,000 to \$2,000,000 (in \$50,000 increments)
- > Portable coverage that can stay with you even if you change jobs
- > Level rates for 10 years
- > Accelerated Death Benefit
- > Volume discounts if you apply for \$250,000 or more in coverage. Rates are discounted even more if you elect \$500,000 or more in coverage

### Who is eligible?

This plan is offered to TXCPA members and their lawful spouses under age 65 and who are residents of the United States, District of Columbia, and Puerto Rico. Spouse coverage may not exceed member's benefit amount. Your dependent children under age 25 can be covered for \$2,000 each (\$500 for children under age six months).

Almost 50% of  
American adults are  
without life insurance.\*

## DETAILS OF THIS COVERAGE

### Accelerated Death Benefit

Available to help terminally ill insureds and their families in a difficult time, this feature is designed to provide an insured with an opportunity to request one advanced payment equal to 50% of their in force life insurance to be paid while that person is still alive. To qualify, the insured must be diagnosed by a physician as having a life expectancy of 24 months or less. The request must be no later than 12 months before the insured person's 80th birthday and the death benefit would be reduced by the amount paid to the insured. Premiums do not reduce. For additional details and limitations, please see the Certificate of Insurance. Please note that receipt of accelerated death benefits may affect your eligibility for public assistance programs and may be taxable. Prior to applying to receive such benefits, you should consult with the appropriate social services agency and seek the advice of tax counsel.

### Conversion

The plan gives you the opportunity to convert to an individual policy when coverage terminates due to certain circumstances of involuntary termination as described in your Certificate of Insurance.

### 30-Day Free Look

If you are not completely satisfied with the terms of your Certificate of Insurance, you may return it without claim within 30 days. Your coverage will be invalidated and you will receive a full refund—no questions asked!

### When Coverage Is Effective

All coverage is subject to underwriting approval. Approved coverage will take effect on the first of the month or on the month following the date your application is approved by New York Life, provided your premium contribution is received within 31 days of such date and you, and your eligible dependents (if also to be insured) are performing the normal activities\* of a person in good health of like age on this date. If a person is not performing normal activities\* on the date their coverage is effective, their effective date will be deferred until they are performing the required activities,\* (Residents of North Carolina: Any reference to "performing normal activities of a person in good health of like age" is replaced by the requirement that the health status of any proposed insured remains the same as stated in your application.) provided they resume normal activities within three months of their original effective date and they remain eligible.

### When Coverage Ends

Your coverage can remain in force until the insured attains age 80 (age 25 for children) provided:

- > The group policy is not terminated or modified by the Group Policyholder to end coverage for the group of insureds.
- > You pay your premiums when due

If you are not completely satisfied with the terms of your Certificate of Insurance, you may return it **without claim** within 30 days.

### Payment Options

1. Automatic Monthly Check  
Withdraw: you can elect to have your premiums automatically deducted from your checking account on a monthly basis.
2. Semiannual Direct Bill: you can elect to have your bill sent to you directly twice a year, January 1 or July 1. You can also access a secure website where you can register to have your premium withdrawn from your bank account or charged to your credit card.

## RENEWAL PAYMENTS AND CLAIMS

### **Renewability After Your First 10-Year Term**

This plan is guaranteed renewable while the group policy remains in force, subject to payment of premiums. The 10-year premium guarantee period will end on the premium due date coinciding with or next following the 10-year anniversary of the coverage effective date. At the end of the 10-year period, provided the insured is under age 65 and otherwise remains eligible, you may apply for a subsequent 10-year term of guaranteed level rates. If the application is approved, your premium contribution will be based on the insured person's age, health, and tobacco/nicotine use at the time the coverage becomes effective, and will be guaranteed for a new 10-year term. If you and your spouse are not approved or are age 65 or older, coverage will continue in force on a non-guaranteed rate basis, under which premium contributions increase as the insured ages.

### **Exclusions & Limitations**

Coverage is provided for death from any cause, except for death from suicide within the first 12 months coverage is in effect, whether sane or insane. In the case of suicide within the first 12 months of coverage, premiums paid will be refunded.

*Note: Incontestability* – Once your coverage has been in force for two years after your effective date, your coverage is incontestable except for non-payment of premiums.

### **Choice of Beneficiary**

You may choose any person(s), trust, or other legal entity as your beneficiary. If there are no surviving beneficiaries at the time of your death, benefits will be paid to the executor or administrator of your estate or, at the option of New York Life, to surviving relatives in the following order: spouse, children equally, parents equally, or siblings equally.

For a **faster way** to request this valuable coverage, complete the application or apply online.

### **Ownership of Insurance**

"Owner" means the person or entity with rights of ownership of this insurance as described in the Certificate of Insurance. If a transfer of ownership has been recorded by or on behalf of New York Life Insurance Company, or if initial ownership is other than the member according to the information provided on the application, references throughout this plan information to "you" or "member" will mean "owner," as applicable.

## PREMIUM RATES

### Current 2022 Annual Rates Per \$1,000 Increment of Insurance

The cost of this life insurance is based upon the member and spouse's gender, amount of insurance requested, usage of tobacco/nicotine products, health status, and attained age on the date coverage is issued. Premium contributions will vary depending on selected options.

Only non-smokers meeting the highest underwriting standards will qualify for Preferred rates. Other non-smokers may qualify for the higher Select or Standard rates. (Note: Smokers may only qualify for Standard rates.) Upon approval of your application, you will be notified of the rate classification for each approved person.

### Important Information Regarding Premium Rates

*Example:* A 40-year old male, non-tobacco/nicotine user qualified for Preferred rates and selected \$700,000 in life insurance. Take \$0.57 multiplied by the number of \$1,000 increments. (700,000 divided by 1,000 = 700 units).  $\$0.57 \times 700 = \$399/\text{year}$ .

As previously noted, member and spouse benefits under this plan are available in \$50,000 increments. Premiums are payable semiannually, or via monthly Electronic Funds Transfer (EFT) option. Monthly rates are 1/12 of the annual rates shown.

Send no payment now—you will be billed upon the approval of your application.

*Note:* Premiums are guaranteed to remain level for the first 10 years of coverage. See Renewability After Your First 10-Year Term.

**For an annual rate of \$0.50, you can cover all of your eligible children for \$2,000 each (\$500 for children under age six months).**
